Chennai: G7CR Technologies India Private Limited has announced it has won the Microsoft Country Partner of the Year Award for India in the current year.

The company came on top among a global field of top Microsoft partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology, said a release from the firm.

Awards were presented in several categories, with winners chosen from a set of more than 2,900 entrants from 115 countries.

Founder and MD, G7CR Technologies, Christopher Richard, said, "Our business focus is quite simple — creating value for our customers, partners and employees. Receiving the Microsoft Country Partner of the Year Award is a significant acknowledgement of our value-driven services."

Corporate vice president, One Commercial Partner, Microsoft Corp, Gavriella Schuster, said, "We are honored to recognise G7CR Technologies of India as a Microsoft Country Partner of the Year. G7CR Technologies has distinguished itself as an exemplary partner, demonstrating remarkable expertise and innovation to help customers achieve more."
